38-49-1

Dear Sir,

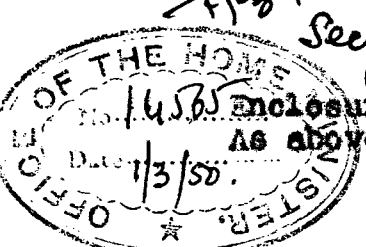
I have the honour to forward herewith a copy of Resolution Nos. 3 and 4 passed at the Convention of the All India Federation of Backward Classes held on 26-1-1950 at the Diwan Chand Hall, New Delhi, for information and acceptance.

I would be glad to know the decision of Government on these Resolutions in due course.

Thanking you,

Yours faithfully,

President.



Enclosure:
As above.

Copy of Resolution Nos 3 and 4 passed by the All India Federation of Backward Classes, at a Convention held on the 26th January, 1950 at Diwan Chand Hall, New Delhi.

....

Resolution No.3:

OFFICE OF THE MINISTER FOR LOCAL SELF-GOVERNMENT.
No. 8.
Date 4/3/50.

" This Convention views with concern the policy of certain Provincial Governments of trying immaturely to abolish the names of castes from Government records and applications to posts under Government amongst the Hindus as if by mere non-mention all caste distinctions and all that it has stood for can be removed. The Convention, therefore, resolves that the Government of India be pleased at the next Census to order the recording of all castes in the Census and issue instructions to that effect so that all different castes in India know their strength as well as be in a position to measure their social, educational and economic progress from time to time. The Convention hopes that the Government of India would be pleased to respect this demand of the Convention."

Census Commissioner for opinion on the resolution.
2/3/50

Resolution No. 4

" This Convention regrets to note that hardly any efforts are being made to associate the Backward classes in public administration all over India. This Convention therefore resolves that the Government of India and the State Governments should make it a point to see that adequate representation to all these Backward communities is awarded, working gradually towards representation proportionate to the population of the Backward communities as a whol

Sir,

Ref: L.S.G.Secretary's letter No. M.480 dated 5-4-50.

Sub: Resolution of the All-India Federation of Backward Classes.

With reference to the letter under advertance forwarding for my opinion a copy of Resolution No. 3 and 4 passed by the All-India Federation of Backward Classes at the convention held on 26th January 1950, I have the honour to state as follows:-

Resolution 3 requires the recording of all castes at the ensuing Census and the issue of necessary instructions to that effect. As already indicated in this office letter No. 72 dated 6-4-50 addressed to the Secretary to Government, Local Self-Government Department, I had expressed myself unequivocally in favour of a complete caste return, at the Conference of Provincial Census Superintendents held in Delhi in February last. But, although ten out of the fifteen Provincial representatives upheld this view, the Government of India ultimately decided to confine the caste record to Scheduled Castes, Scheduled Tribes and other Backward Classes only. In the circumstances, we have really no option but to toe the line. The question being outside the pale of Provincial discretion, the appeal contained in the Resolution is rightly addressed to the Government of India. It is hardly proper and, even if proper, hardly necessary for us to express our views in the matter.

Resolution 4 assumes that 'hardly any efforts are being made to

associate

associate the Backward Classes in public administration all over India.' Whatever may be the position with regard to this assumption in other States, it is certainly not true of Mysore. The Backward Classes in the State are being represented in the administration on an increasingly large scale and the Rules of recruitment to the services have been specially framed to ensure this. The All-India Federation of Backward Classes might, perhaps, be apprised of this fact, since the resolution is addressed to the Government of India as well as to State Governments.

Yours faithfully,

Census Commissioner
for Mysore.

SECRETARY TO GOVERNMENT MEDICAL AND PUBLIC HEALTH DEPT. 7 NOV 6564

7276/Cens (51)

To

The Secretary
to the Government of Mysore,
Medical & Public Health Departments,
Bangalore.

Sir,

I have the honour to state that the Registrar General, India, in his D.O.No. 1026/50 RG. dated 13-9-50 had called for information regarding the progress of recruitment and training of Census Enumeration staff to be furnished to him in the accompanying form and that accordingly the Deputy Commissioners of Districts and Commissioners of City Municipalities were requested to furnish the required particulars urgently.

No response was, however, forthcoming even as late as on the 21st of October, although the information was expected to reach this office by the 7th. Meanwhile the Registrar General wrote again (vide copy of D.O. No. 1214/50 RG dated 17-10-50) asking for this information to be sent so as to reach him not later than the 1st of November. The reminders which followed the receipt of the Registrar General's letter produced no better results and the position on the 30th of October was that either the information had not been received at all, or had been only incompletely furnished as would be seen from the accompanying statement.

I am bringing this to the notice of Government as a sample of the apathy and indifference, if not contempt, with which Census work is being regarded generally, so that Government might take such action as they deem necessary and appropriate to induce in officers connected with the Census a greater sense of responsibility and promptitude. Meanwhile, I have no option but to bring to the notice of the Registrar-General the circumstances under which

I am

Sec SAF. 10/11

6626/09

I am obliged to plead my inability to furnish in time the information he has called for. My sense of frustration is getting accentuated day by day as a result of the sad neglect on the part of District Officers to keep to the time schedule fixed by this office.

I may be permitted to state that there seems to be only one way in which responsibility could be enforced and that is by Government punishing officers in default. All methods of sweet persuasion, requests and appeals by this office have had no effect.

Yours faithfully,

Census Commissioner
for Mysore.

TOP PRIORITY & IMPORTANT.

Dear Sir,

It is being repeatedly brought to the notice of Government by the Census Commissioner that the census work in the districts is being generally regarded with indifference and apathy that ~~work done~~ in many cases work done is never done according to the schedule ~~and~~ that there is neglect on the part of the district officers to keep to the time schedule fixed by ~~the Census Commissioner~~ him. as per directions of the Registrar-General of Census, Government of India, and that a greater sense of responsibility and promptitude should be expected from all ~~the~~ officers connected with ~~the~~ census work, if the work has to be completed with credit to the State.

In this connection, I am to invite your attention to my D.O. letter No. M 3580-92 dated 29. 5. 1950 wherein you were requested to fully co-operate with the Census Commissioner and to assist him to keep up to the time table fixed by him for census work in the State. It is regretted that there has not been much improvement in spite of repeated instructions from Government. I am directed, therefore, to once again, urge you to consider census work as one deserving very high priority in your work and to the necessity to strictly adhere to the time schedule fixed by the Census Commissioner for the several stages of census

work. Any slackness on the part of ~~the~~ any officer in carrying out the instructions from the Census Commissioner or in adhereing to the time table fixed by him is likely to bring discredit to the Government of Mysore. I am, therefore, directed to state that Government would be constrained to take very severe notice against officers who still give room for slackness in census work.

The receipt of this letter may be acknowledged.

Yours sincerely,

1) The Deputy Commissioners of Districts (By name).

2) The Commissioners of Mysore & Davangere Municipalities (By name)

3) The Chairman Bangalore Corporation

4) The President, K.G.F. Sanitary Board (By name)

No. A1/50

Dated 20th November 1950.

Dear Sir,

SUBJECT:- CENSUS- 1950.

In reply to your D.O.letter No.M.16566-78Cens.dated the 17th November 1950 I write to state that so far as the Corporation area is concerned there is not slackness of work to be complained of. The charge Superintendents were appointed in time. The statements regarding cottage Industries were similarly sent in time. The House lists are nearing completion and only five of the fifteen charge Superintendents have not yet sent their charge lists about which they have been reminded very strictly. Since they were unable to forward lists of people to be drafted as Supervisors and Enumerators presumably for the reason that none were forthcoming action had to be taken to compulsorily recruit them by writing to all the Government Officers and Educational authorities to forward lists of Officials working under them. Some Officers were reluctant to comply with the request and they were forced to do so pointing out the importance of the work. All these difficulties were brought to the notice of the Census Commissioner in my letter No.A-1-1350/50 dated 30th October 1950 (copy enclosed). So I was able to secure 650 Officials in City Area and 150 in Civil Station Area to be drafted as census Officers. The names have been sorted out charge war and the relative lists are being prepared. They will be sent to the fifteen charge Superintendents within a few days. Regarding the Military area the Revenue Officer has already contacted the concerned Officers and made arrangements to the numbering and painting of numbers in the vaiours units. It will therefore be evident from the above that the Census work in Corporation area is sufficiently in an advanced stage.

Yours sincerely,

Mir Safdar Hussain

DKR.20/11/-

Copy of letter No.A-1-1357/50, dated 30th October 1950, from the Commissioner, Corporation of the City of Bangalore, to the Census Commissioner, Aliasker Road, Civil Area, Bangalore.

SUBJECT:- Recruitment and training of Census Enumeration staff.
REFERENCE:- Correspondence ending with your letter No.6686-99 dated the 26th October 1950.

Adverting to the above I write to state that as per your circular No.2335-2885 dated the 11th August 1950 the house-listing staff should have compiled in the course of the preparation of the house lists a list of persons in each area who are eligible for appointment as Census Officers(Enumerators and Supervisors) are their inability to furnish such a list presumably due to the fact that ~~now~~ none are forthcoming for service, Correspondeance was intiated with the various Officers to furnish lists of persons to be drafted as Supervisors, and Enumerators. The lists are being received and some officers decline to send them. It will be seen from the copies of correspondence sent to you that I am forcing such officers to send the lists insisting on the urgency and importance of the work. It is hoped that the lists of the staff will be finalised by the middle of November 1950 and actual number alloted to each charge. Then only it would be possible to furnish the information in the prescribed form enclosed wiht your letter No.5626-38 dated the 19th September 1950. In any case the statement will be filled up and forwarded to you by the 2nd week of November 1950. I request you to kindly issue strict instructions through a circular to all Heads of Departments and other Officers to send the lists of Officials to me immediately and also to render all help required for the Census work.

Bangalore, dated 22-11-1950.

Dear Shri Matthan,

I have just received a copy of the letter which Janab Safdar Hussain has addressed to you in regard to progress of Census work in the Bangalore Corporation area. I must confess to a profound sense of astonishment at the claim that the work in his area "is sufficiently in an advanced stage," when his own statement that the "house-lists are nearing completion and only five of the fifteen Charge Superintendents have not sent the Charge Lists," categorically refutes this claim. A reference to the Census Calendar will show that the deadline fixed for the completion of the House-Lists was 31-8-1950, while that for the submission of the Charge Lists was 1-10-1950. Whether in view of this, Janab Hussain is justified in his claim or not, I leave it to Government themselves to decide.

I have had to complain about delays and lapses in Census work so often, that the very frequency of these references, I am beginnin to think, have dulled the sense of urgency; and outside the Census office, it does not appear to have been realised, how perilously on the brink of a fiasco, our census operations are drifting. When minutes are precious months are wasted, and my frantic appeal for co-operation in saving the State's Census reputation, has been at best a cry in the wilderness. It is for Government to take now - whatever action they consider appropriate to retrieve the position.

Yours sincerely,

J B Mallaradhya

BANGALORE.

SECRETARY TO GOVERNMENT
T. 8025
To
20 DEC 1950
MEDICAL AND PUBLIC HEALTH DEPT.

The Secretary to the Government of Mysore,
Medical and Public Health Department,
BANGALORE.

SIR,

Subject:- CENSUS 1951

With reference to your letter No. M.17396/Census dated the 4th December 1950, I write to state that in my D.O. letter dated the 20th November 1950, the action so far taken, the difficulties that arose in the middle and all other factors were categarically explained and it was finally stated that proportionate to the difficulties confronted, the progress in the census work was sufficiently advanced. It is regretted that the Census Commissioner before making any observations did not consider the letter in its entirety. He has measured in his letter to Government the progress of the work only with reference to the dead line fixed by him. Even this would have been adhered to if the numbering of houses and painting of door numbers were taken up in January 1950 as originally proposed. But Government in their letter No. M.12325/Census dated the 3rd January 1950 had stated that the numbering of houses might be taken up after the elections to the Corporation, which were proposed to be held in March 1950, were over. As the elections were postponed the numbering of houses was taken up streetwar in the second week of March 1950. But under

under a different direction from the Census Commissioner that the numbering should be done block-war and clockwise the work which was half finished, had to be started again. When this was in progress Government had directed that the voters' lists for the Assembly on Adult franchise basis should be started immediately. When this was nearing completion another direction was given that a supplementary list should be prepared consequent on the introduction of the change in the age limit of the voters. When this was in progress, the census of Cottage-industries was also asked to be taken up. In short the numbering of houses, painting of door numbers, preparation of voters' lists (original and supplemental) and the census of cottage industries had to be done simultaneously. It is a pity that the Census Commissioner has missed the fundamental point that the brunt of all these onerous and responsible duties has after all to be borne by one and the same out-door officials without prejudice to their legitimate duties.

2. Even as it is, the ~~mark~~ work cannot be considered to be lethargic as in the Corporation area the Supervisors and the Enumerators have now been appointed by the Charge Superintendents although it may be argued that the deadline fixed, was transgressed, which is due to the difficulties that had to be confronted as detailed above.

Yours faithfully,

COMMISSIONER

SECRETARY TO GOVERNMENT T.8367 4 MEDICAL AND PUBLIC HEALTH DEPT.

Extremely Urgent (Pop Priority)

The Secretary
to Government of Mysore,
Medical & Public Health Departments,
Bangalore.

Sir,

I have the honour to state that the Enumeration arrangements in the Bangalore Municipal Corporation area are in a dangerous stat of un-preparedness and unless immediate steps are taken by Government to instil a greater sense of urgency and responsibility into the Corporation Officers from the Commissioner downwards there is a serious likelihood of the whole Census breaking down in the Corporation area.

The source of all trouble seems to be the want of effective action on the part of the Corporation to secure lists of persons suitable for appointment as Enumerators and Supervisors. The want of adequate lists of personnel has been offered by the Charge Superintendents as the excuse not only for their failure to complete enumeration arrangements in time (some Charge Lists have not been submitted to me although they are nearly three months overdue now) but for making patently inefficient arrangements in those Charges for which Charge Lists have been sent up. This has led to a grave state of unpreparedness which needs instant and drastic remedy.

That in Bangalore of all places in the State any difficulty should have been experienced in securing adequate numbers of Government officials is clear proof of the fact that the Corporation Commissioner and his Assistants have not paid adequate attention to Census work. Bangalore contains the largest concentration of educated employees in Government service and on the strength of the Government Order asking all Heads of Departments to spare the services

services of their employees for Census work it should have been easy for the Corporation to get all the Enumerators and Supervisors they needed and even more. Neither the Charge Superintendents nor the Commissioner of the Corporation have exhibited a proper sense of responsibility in this matter. The two Divisional Census Officers of the Corporation have contributed nothing to the solution of the problems and have only added to the difficulties of their subordinates by being silent spectators of the scene.

I am writing this to place before Government the seriousness of the situation. Unless the Corporation finalises the recruitment of Enumerators and Supervisors within the next three or four days we might be driven to a position in which no census can possibly be taken in the Corporation area. I request that Government should impress on the Commissioner, Bangalore Corporation the need to take personal and emergent action to get the required personnel and get them trained and ready in time for the Enumeration. The Heads of Departments may also be requested to give every co-operation to the Corporation and place as many of their subordinates as they can possibly spare, at the disposal of the Municipal Commissioner.

The favour of emergent action is requested.

Yours faithfully,

Census Commissioner
for Mysore.

Medical & Public Health Departments,
Bangalore.

Sir,

Subject: The indifference of the Divisional Census Officers of the Corporation of Bangalore.

I have the honour to state that a meeting of the Census Officers of the Corporation was held by my First Assistant this morning in order to train them in their duties during the next two months. Conspicuous among the absentees from the meeting were the two Divisional Census Cfficers of the Corporation viz.- the Municipal Health Officer and the Municipal Engineer.

I have already had occasion to point out the total lack of interest in the Census Operations displayed by these two Divisional Census Officers. The Charge Superintendents of the Corporation Area are drawn chiefly from the Engineering and Health Sections of the Corporation and the aloofness of the heads of these sections to the Census has great potentialities for harm. Such apathy must have operated as a handicap to the Charge Superintendents' efforts and is perhaps one of the explanations for the extreme lack of co-ordination noticeable in the census work of the Corporation.

I am writing this to request Government to request the Commissioner of the Corporation to state why he has allowed his Divisional Census Officers to get away with such conspicuous indifference during all these months as well as to make them take an active interest in the census operations at least in the crucial period ahead.

Yours faithfully,

Census Commissioner
for Mysore.

SKG4.

Copy of letter No. 8961/Census 1951 dated 5/6th January 1951 from the Census Commissioner for Mysore, Bangalore, to the Secretary to the Government of Mysore, Medical & Public Health Departments, Bangalore.

Subject:- The indifference of the Divisional Census Officers of the Corporation of Bangalore.

I have the honour to state that a meeting of the Census Officers of the Corporation was held by my first Assistant this morning in order to train them in their duties during the next two months. Conspicuous among the absentees from the meeting were the two Divisional Census Officers of the Corporation viz., the Municipal Health Officer and the Municipal Engineer.

I have already had occasion to point out the total lack of interest in the Census Operations displayed by these two Divisional Census Officers. The Charge Superintendents of the Corporation Area are drawn chiefly from the Engineering and Health Sections of the Corporation and the aloofness of the heads of these sections to the Census has great potentialities for harm. Such apathy must have operated as a handicap to the Charge Superintendents' efforts and is perhaps one of the explanations for the extreme lack of co-ordination noticeable in the census work of the Corporation.

I am writing this to request Government to request the Commissioner of the Corporation to state why he has allowed his divisional Census Officers to get away with such conspicuous indifference during all these months as well as to make them take an active interest in the Census operations atleast in the crucial period ahead.

OFFICE OF THE DEPUTY COMMISSIONER,
CHIKMAGALUR DISTRICT,

Dated, Chikmagalur, the 20th Nov. 195 0

Dear Sir,

I write to acknowledge the receipt of your kind D.O.No. L.16566-78 dated 17th November and to state that on the 15th instant, I had myself called for a meeting of the Amildars and Sub Division Officers in the District. I have personally given them sufficient instructions in the matter and I have impressed upon them the importance of studying the Census Circulars and making sure that their subordinates have also studied them in detail and then I have asked them to submit a complete report to me by the end of this month. A copy of the instructions again issued by me in this matter today is herein enclosed. I may add that I shall unhesitatingly take drastic action - as I have already done in some cases - to see that the work is brought up to date.

Yours sincerely,

Sri George Matthan, B.Sc.,
Secretary to Government,
Medical and Public Health
Departments, Bangalore.

OFFICE OF THE DEPUTY COMMISSIONER,
CHIKMAGALUR DISTRICT,

Dated, Chikmagalur, the....20th..Nov 195

Dear Sri. . . . . .

In forwarding herewith a copy of D.O.No.M.16566-78 dated 17th November 1950 from the Secretary to Government, Medical and Public Health Departments, regarding Census work in this District, I write to invite your reference to the instructions that I have already issued at the last meeting of officers.

2. Your responsibility in this respect is very heavy and as already instructed, I request you to kindly keep yourself in constant touch with the progress of work in this direction and see that not only the Amildars and the other Charge Superintendents read the instructions ~~they~~ but they also understand. As already instructed, a full and complete report should be made to me on the 1st December 1950, showing the action taken on the instructions already issued to you at the meeting on the 15th November and to insist on everybody working according to schedule.

3. You may unhesitatingly report against any officer who is either indifferent or slack in his work.

Yours sincerely,
Sd.A.N.Anantaramiya,
Deputy Commissioner,
Chickmagalur District

All Sub Division Officers and
Officer in charge, Sringeri.

****

Subject:-- Recruitment and Training of Census Enumeration Staff.

I shall be grateful if you would arrange to secure information from districts which would enable you to compile a Return in the form annexed showing the particulars of territorial divisions, authorised strength of Enumeration staff, and progress made in recruitment and training. Please enclose this return to your fortnightly census letter of October 15, November15, and December 15. I trust this provides sufficient time to ensure that the first returns are secured by you from all districts, without any omissions.

sd/ R.A. Gopalaswamy.
